

February 6, 2012

Dear WBA Member:

The Law & Education Committee of the Women's Bar Association plans to establish a Mentor Program by which WBA members would be available to assist law students and recent law graduates.

WBA Mentor Program participants would agree to be contacted in order to offer advice about their practice area and/or to assist in making contacts in the field. Thus, law students and recent law graduates would be able to make more informed career decisions and would be able to make the contacts necessary to facilitate their transition to the practice of law.

If you are interested in participating in the WBA Mentor Program, please complete the attached WBA Member Profile. The member profiles will be collected into binders that will be made available to students and recent graduates at both the University of Pittsburgh School of Law and Duquesne University School of Law. If you have submitted information to the Mentor Program in the past, we request that you complete the form with your current information so we may verify our records.

If you have any questions about this program, please contact either of us at the contact information listed below. Thank you.

Sincerely,

Cyndi Caldwell
